Species Recording Card –many species per site

Please give us as much detail about the species you saw and where you saw it. If you do not know the grid reference, a postcode is useful, or describe the location as accurately as you can. Additional information, such as sex, whether breeding, whether in flower etc. is also helpful.

Location Name or Description	**Grid reference** (6-figure if possible, or postcode)	**Person recording species** (if person identifying species is different, please also give this name)
Date seen	**General habitat** (e.g. woodland)	**Additional information**

Species	**Quantity**	**Additional comments** Adult/Juvenile/Male/Female/ Nesting/Dead/ In flower/In water

Received in BMERC	
Entered on database or other action	

By submitting records to BMERC you are giving consent for them to be incorporated into BMERC's database and be disseminated manually or electronically, including for environmental decision-making, education, research and other public benefit uses and to the NBN Gateway in accordance with BMERC's data access policy.
